## Message from JS&MD (HFA) Shri Kuldip Narayan

In the month of June, we marked an important milestone of completing 8 years of Pradhan Mantri Awas Yojana – Urban. It's been quite a journey... a commitment to improve the quality of life of families by giving them access to a pucca house, which in turn has given them new identity and opened better opportunities of livelihood.

True to the spirit of cooperative federalism, the success of PMAY-U is the result of partnership among Centre, States/UTs and the various stakeholders. I appreciate the efforts put in by all States/UTs in monitoring the progress of Scheme and ensuring timely completion of houses which will help us in realising the 'Housing for All' goal brick-by-brick.

Our beneficiaries form the most integral part of PMAY-U & in this journey, I credit and thank them for their active participation in fulfilling the most important dream of their life of building a pucca house. Their trust in us and in their dreams have made the journey a glorious one.

To acknowledge the contribution of beneficiaries in this journey, we have launched 'PMAY-U Beneficiary Awards 2023' and I would urge these families to participate in the award process in large numbers and allow us to felicitate you. The role of States/UTs/ULBs are crucial here too and concerned officials should ensure maximum participation of beneficiaries in the process.

On 25<sup>th</sup> June as we celebrated 8 years of PMAY-U, my phone kept buzzing with photos/videos of beneficiaries across the country celebrating the day by participating in different activities. It was a happy sight to see the celebrations galore as we marked the important day. I must say the success is the result of the determined efforts taken by each State/UT in making the day a memorable one.

*Let us all keep working with the same enthusiasm each day & be part of the history in making...*

Smt Anita Kakanya and her husband Shri Santosh Kakanya, like every other parent, wanted to give the best life to their children. However, their financial situation acted as a barrier. Shri Santosh runs a small tea shop near Ratlam railway station and Smt Anita is as an ASHA worker. The couple, with their two daughters, earlier lived in a rented house and some years later after Smt Kakanya's brother gave her a plot in her name, they built a kutch house on it covered by tin shade.

"Due to lack of funds, we could not build a pucca house for our daughters. My youngest daughter cannot speak and I constantly used to fear for her safety. Since I had to leave home for my job, I suffered from the guilt of not being able to be with her and not being able to provide my daughters with a pucca roof over their head added to the woes," Smt Anita shares.

A media campaign, however, changed their lives. The advertisement was about PMAY-U and in no time, Smt Anita applied for Financial Assistance under the Scheme.

"After getting a pucca house under the Mission, my life has transformed completely, and my family is also overjoyed to get all facilities under one roof. My elder daughter is married and lives her life happily," Smt Anita said, adding that due to the safe and secured shelter her younger daughter is also leading a good life and concentrating on her education.

Having a pucca roof over your head is the biggest blessing one can have in their lives and PMAY-U has blessed people with the biggest asset of their lives, that is, a pucca home. PMAY-U has transformed the lives of lakhs and lakhs of families. The Mission has been a witness to innumerable success stories of families who are now earning their livelihood by living life under a secured roof.
