Labharthiyon ki zubaan Se...

Life has been very challenging for Smt Kiran Dagara, a resident of Rairangapur city in Odisha. Like every woman she also dreamt of a happy life with her husband and two sons in a pucca house of their own. However, life had other plans for her. With the untimely death of her husband, all her dreams came crashing. With two young kids and no source of livelihood, she was rendered helpless, yet she did not let her misery take over. To fend for her family, she started by making sweetmeats (mithai) at home and selling it at a temporary shed next to her kutcha house. Gradually with the saving from her meagre earning, she purchased a pushcart to sell the sweets. During those trying times, constructing a pucca house was next to impossible. However, deep down she nurtured the dream of building her own pucca house. She worked hard over the years to save money for her dream house, yet it was never enough.

The turning point in her life came with PMAY-U scheme. Smt Dagara constructed a pucca house with financial support received under the scheme, which marked a significant milestone for her.

As she was preparing for a better life with her sons, life gave her a bigger blow with the death of her younger son. The death of her young son shattered her completely, yet she fought back again. Despite all the ordeals, she finally managed to complete her house, which has given her a much-needed shelter and stability, at the

-Smt Kiran Dagara, Rairangapur, Odisha

end of the day. She resides in the house with her elder son, daughter-in-law and her grandchildren.

Living in a pucca house also brought about a positive shift in Smt Dagara's life. The new home has become a symbol of stability and hope, allowing her to focus on her personal growth and family life. "I have had a very tough life, yet I was always hopeful that brighter days are not far away. And this came true when I was allotted a house under PMAY-U. I am thankful to the Hon'ble Prime Minister for considering the housing needs of people like us," she shares.

Shri Pawan Kumar, his wife and their two daughters lived in a joint family in a kutcha house. He worked as a taxi driver to support the family. The family struggled in a cramped living space, and Shri Kumar wanted to build a house for them. The financial condition of the family, however, did not allow him to pursue the dream. The year 2022 transformed his life as under PMAY-U, he got the financial assistance to construct their house. Today, Shri Pawan Kumar is living happily with his family in their new pucca house. He states that the new house has led to changes in the lives of his children. The dream of owning a home came true through PMAY-U and Shri Pawan Kumar and his family members express their gratitude to Government of India for providing assistance for construction of their own pucca house.

-Shri Pawan Kumar, Nahan, Sirmour District, Himachal Pradesh

Labharthiyon ki zubaan Se...

Smt. Nabam Akap and her family struggled to make ends meet. Her husband ran a small business and their income was barely enough to cover daily expenses, let alone save for the future. Their biggest challenge, however, was the inadequate and deteriorating home they lived in - a cramped space that offered little comfort or security. They saw hope in PMAY-U scheme, under which they were provided financial assistance to build a pucca house.

Determined to secure a better and safer home, Smt. Akap saw it as an opportunity to transform her family's living conditions. Each step of the construction process was a symbol of their perseverance and the government's commitment to empower families in need. Their new pucca house stands as a beacon of security and stability and has transformed their lives in ways they had never imagined. Their daily struggles eased, as they no longer had to worry about their fragile shelter; the financial pressure on their small business lightened, allowing them to focus on growth and sustainability. Most importantly, their young daughter now has a stable environment to pursue her education, giving her a brighter future.

- Smt. Nabam Akap, Naharlagun, Arunachal Pradesh

Reflecting on their journey, Smt. Nabam Akap expressed, "PMAY-U has given us more than just a house, it has given us hope, dignity, and a fresh start. We now live without fear of rain or uncertainty. Our daughter has a safe space to learn and grow, and we can focus on building a better future for our family. We are eternally thankful to the Government of India for making this dream a reality."

- Mohammad Iqbal Wani, Anantnag, Jammu & Kashmir

Mohammad Iqbal Wani has embraced his future with open arms, knowing that he could face whatever challenges lie ahead as he has a safe and secured place to live, his own home. He lives in

Anantnag with his wife Smt. Salima Akhtar and their three children. He is visually impaired and has lived a life of distress. For years, the family resided in a shabby, dilapidated house with crumbling walls and leaking roof. Mohd Iqbal Wani has endured many hardships, battling not only his disability but also the harsh living conditions. PMAY-U brought a new dawn in the family's life.

With the financial assistance under PMAY-U scheme, his home was constructed. The house is designed, with spacious rooms and amenities so that Mohd Iqbal wani could easily navigate. When he was handed the keys of his house, he was overwhelmed with gratitude. As he rolled through the door of his new abode, tears of joy streamed down his face. With his newfound sense of dignity and pride, Mohd Iqbal Wani became an inspiration to everyone in Anantnag town. People admire his courage and resilience.

"I feel profound sense of gratitude for PMAY-U scheme and all those who have helped me along the way."
