

SUNITA Devi

BIHAR

Sunita Devi lives in Jamui Nagar Parishad with her husband and four children. Her husband works as a tractor driver and labour in a brick kiln. The family lived in a small kutcha house without basic facilities. Their financial condition did not permit them to build a pucca house, a dream that Sunita aspired for. The mud house in which they lived posed several problems in the monsoons, compromising on the safety and security of her family.

In 2016, the Urban Local Body (ULB) conducted a survey, it was then she came to know about the PMAY (U) Scheme. The couple applied for financial assistance under the Scheme which was approved after due verification.

Sunita Devi and her husband together built their house, they borrowed money and completed the construction of their pucca house with two rooms, kitchen, toilet/bath room, electricity and drinking water connection.

A beaming Sunita says, "It is a joy to live in a pucca house, it changes the way you look at things. We are able to provide quality life to our children".
