

# NINGTHOUJAM ONGBI Sangita Devi

## MANIPUR

Everyone aspires for a safe abode which is one of the basic necessities for survival. **Ningthoujam Ongbi Sangita Devi** and her husband **Ningthoujam Priyokumar Singh**, residents of Shikhong Sekmai Municipal Council, **Manipur**, had a similar dream. Parents of two, the couple works as farmers. Due to meagre income, the dream of having a pucca house remained distant until they came to know about Pradhan Mantri Awas Yojana-Urban (PMAY-U).

The couple acted upon the opportunity and applied for the Scheme. They constructed an all-season pucca house for the family with the financial assistance received under PMAY(U). The family does not have to worry about extreme weather conditions any more. Their children also have a secure place to play.

It was impossible for Sangita Devi to realise her long-cherished desire of constructing a decent house for her family without the financial assistance she received. PMAY(U) Mission has not only given her family a decent house but also provided them endless joy and a sense of security.

Ningthoujam Priyokumar Singh and Ningthoujam Ongbi Sangita Devi are grateful to Hon'ble Prime Minister and Government of India for making their dream come true.
