

MAMATA Bhowmik

TRIPURA

Mamata Bhowmik and her husband run a small paan shop in Kumarghat, Unokoti district of **Tripura**. The shop is their only source of income. They lived in a kutchra house and faced difficulties due to lack of proper sanitation facilities. The family wanted to move into a pucca house, but the financial constraints never allowed them to take a step ahead.

The couple worked day and night to fulfil their dream. They saved money to construct a house and when they learnt about PMAY(U) Scheme, they immediately applied for it.

“I wanted a proper home with all basic amenities, especially a toilet facility. Now, the pucca house has given everything I ever dreamt of. The roof of the earlier house leaked during rains. I never thought I could do a better than fixing those leaks every rainy season with my meagre income. Today, I am looking at our life ahead without bothering for such issues anymore. I live a dignified life now,” Mamata said.
